M-AUDIO MOBILEPRE USB

USB Bus-Powered Preamp and Audio Interface

The perfect preamp and audio interface for your computer recording needs.

Record your music from your instrument or microphone through the MobilePre USB interface to your computer.

- **Three kinds of audio inputs** and outputs provide maximum flexibility for any application, including two on-board microphone preamps and high-impedance instrument inputs ideal for connecting guitars and basses.
- MobilePre USB is **completely bus powered** so you can take it anywhere you need to record and play music.
- Unlike many competitors, our zero-latency direct monitoring provides you with an **easy and professional** recording experience.

M-AUDIO MOBILEPRE USB

USB Bus-Powered Preamp and Audio Interface

Front Panel

Channel Gain Knobs
Regulates the recording level going from this channel to your computer.

Channel 1 Instrument Line Input Jack
Accepts an instrument or line level signal. Ideal for recording guitar, bass or synthesizer.

Channel Level LED's
Shows a signal present. Adjust gain control so that the signal LED is on as much as possible but the Clip LED does not come on.

Headphone Output Jack
Plays back outputs 1 and 2 through the left and right speakers of your headphones.

Phantom Power Switch
Sends voltage to microphones requiring phantom power connected to XLR Mic Inputs 1 and 2 on the rear of the interface.

Headphone Level Knob
Regulates the volume level to the headphones.

Rear Panel

Stereo Line Output Jack
Connects to devices such as speakers or MiniDisk recorders.

USB Jack
Connects the MobilePre USB interface to your computer via USB connection.

Output 1 and 2 Jacks
Connects to speakers or mixer to monitor the signal output from your computer.

Stereo Mic Input Jack
Accepts a mic level signal from stereo microphones with 1/8" outputs.

Channel 2 Instrument Line Input Jack
Accepts an instrument or line level signal. Ideal for recording guitar, bass or synthesizer.

XLR Mic Input Channel 1 & 2 Jacks
Accepts a mic level signal for microphones requiring phantom power.
